

SAVE CUBBINGTON WOODS

HS2 will damage or destroy 24 SSSIs, 30 river corridors and 108 ancient woodlands, including the beautiful and much-loved South Cubbington Woods. All this just to save a few minutes' journey time... whilst costing taxpayers over £100,000,000,000.

At the end of September a camp was set up in South Cubbington Woods to protect this ancient woodland from destruction by HS2, especially whilst the whole project is under review. Thanks to our presence, HS2 Ltd has declared a temporary halt to tree felling; but we need your support to keep protecting these wonderful woods.

Get in touch to find out how you can help, or come and visit our family-friendly camp. Everyone is welcome!

How to find Cubbington Woods Camp

You can access the camp via the footpath from Austen Court, Cubbington, just past the King's Head pub; or take the footpath opposite St Michael's Church, Weston-under-Wetherley.

Parking is limited. Please be considerate to local residents if you are parking near to the footpath entrances.
